Managing Teams and Guest Access

Click to start interactive guide

### Managing Teams and Guest Access

#### Introduction

In this Interactive Guide, you will step through the process of configuring and managing Microsoft Teams and guest access for your organization.

IT admins can manage teams, add guests, and set and manage user policies and permissions. These controls are available in the Teams admin center.

In this exercise, we will be managing teams in the Contoso corporation. Including creating a team and its owners, setting policies for team members, and configuring guest access policies.

#### Manage teams

1. Click to place focus in the address bar of Microsoft Edge and then type `https://admin.teams.microsoft.com` and hit enter to navigate to the Microsoft Teams admin center.
2. Sign in with the following credentials
  - `admin@contoso.com` and hit enter
  - Password and hit enter
3. Click Yes to stay signed in.
4. In the top left navigation of the Microsoft Teams admin center, click the horizontal lines to expand the left navigation menu.
5. In the left navigation, select the down arrow next to Teams.
6. Under Teams in the left navigation, select **Manage teams**.
7. In the Manage Teams blade click the **+Add** button.
8. On the Add a new team panel - click to place focus in the Name field, type `Research and Development` and hit enter.
9. Click to place focus in the Description field, then type `R and D team` and hit enter.
10. Click to place focus in the Team owners field, then type `megan` and hit enter.
11. Hover over and click Megan Bowen in the results list.
12. Click the **Apply** button at the bottom of the Add a new team panel.
13. In the Manage teams blade click on **Research and Development** team management page for that team.
14. On the Manage teams \ Research and Development page, click the **Members** button.
15. On the Add members panel, click to place focus in the Search members field, then type `jo` and hit enter.
16. Hover over and click **Johanna Lorenz** in the results list.
17. Click the **X** in the Search members field to clear the field, then type `archie` and hit enter.
18. Hover over and click **Grady Archie** in the results list.
19. Verify that both **Johanna Lorenz** and **Grady Archie** are listed as Team members.

# Und lasst uns diskutieren: Teams Displays!
