 - Large gallery

Chat & Collaboration

- Pinned Posts
- Set presence status duration
- Android On-Demand Chat Translation

- More options to use polls, surveys & checklists in Teams
App Templates for [polls](#), [surveys](#), and [checklists](#) in Teams

The screenshot shows a Microsoft Teams interface. On the left is a navigation pane with icons for Activity, Chat, Teams, Calendar, Calls, and Files. The 'Teams' section is expanded, showing a list of teams including 'U.S. Sales', 'Sales and Marketing', 'Retail', 'Contoso', 'SOC Team', 'Digital Initiative Public Relations', 'Mark 8 Project Team', 'General', 'Design', 'Digital Assets Web', 'Go to Market Plan', and 'Research and Development'. The 'Go to Market Plan' team is selected, and its chat window is open. The chat window has a search bar at the top and a navigation bar with tabs for 'Posts', 'Files', 'Wiki', 'Product Roadmap', 'GTM Plan', 'Product Brochure', 'Mark 8 Project Plan', 'Event Plan', and 'PattiF Logistics'. The chat history shows several messages:

- Pradeep Gupta** (8/4 4:31 PM): Miriam Graham, I've updated the projected marketing budget spreadsheet in our team files. (1 thumbs up)
- Diego Siciliani** (8/4 4:31 PM): Miriam Graham and team - I've completed my initial review pass on your list of potential investors in the team OneDrive, and added comments in the notes column. I have a couple more names that should probably be on your list, added and highlighted at the bottom. (1 thumbs up)
- Joni Sherman** (8/4 4:32 PM): Hi all - I've finished legal review of the team's proposed customer survey forms for your needs analysis, and redlined some verbiage I would suggest changing. (2 thumbs up)
- Isaiah Langer** (8/4 4:32 PM): **Megan Bowen** please review the contract with Adatum. We need to approve the RFP by 4:00. Thanks! (3 replies from you, Nestor, and Isaiah)
- Megan Bowen** (8/4 4:32 PM): LiveCaptions.gif

Power Platform and custom development

- Build solutions with Power Apps in Teams

The screenshot shows the Microsoft Teams interface with the Power Apps app open. The top navigation bar includes a search bar and a user profile icon. The left sidebar contains navigation icons for Activity, Chat, Teams, Calendar, Files, and Power Apps. The main content area features a 'Teams + Power Apps' section with a 'Create an app' button and a 'Recent apps' table.

Teams + Power Apps

Microsoft Power Apps makes it easy to build apps for your business needs, from tracking time-off requests, managing inventory, submitting expenses, and more. [Learn more](#)

Build an app in 5 minutes
Create an app and connect it to your data to enhance collaboration across your team.

[Create an app](#)

Recent apps

| Name | Modified | Owner | Type | Team |
|-----------------------------|----------|---------------|--------|---------------------|
| App | 1 mo ago | Weston Lander | Canvas | Process Improvement |
| Manufacturing - inspections | 2 mo ago | Weston Lander | Canvas | Human Resources |
| App | 2 mo ago | Weston Lander | Canvas | Human Resources |

PP - New Power Automate App for Teams

The screenshot displays the Microsoft Teams interface with the Power Automate app open. The top navigation bar includes a search bar, a user profile, and window controls. The Power Automate header shows navigation options: Home, Create, Chat, Approvals, Business process flows, and About. A sidebar on the left contains icons for Activity, Chat, Teams, Calendar, Files, and Power Automate.

The main content area features a 'Filter' dropdown, a 'Search flows' input field, and a '+ New flow' button. Below this is a table of existing flows:

| Flow name | Status | Modified | Owners | Type | Team and channel |
|------------------------|--|----------|---------------|---------|------------------|
| Follow up on a message | <input checked="" type="checkbox"/> On | 1 mo ago | Weston Lander | Instant | N/A |

Below the table is a section titled 'Start with a popular Teams template' containing several flow cards:

- Post Adaptive card to Teams when new response is submitted** (By Microsoft, Automated, 1065 uses)
- Post Adaptive card when Task status changed to complete in Planner** (By Microsoft, Automated, 865 uses)
- Post Adaptive card to Teams when new item is created in SharePoint List** (By Microsoft, Automated, 740 uses)
- Post Adaptive card to Teams when status of work item changed in AzureDevOps** (By Microsoft, Automated, 90 uses)
- Create a workitem from a message** (By Microsoft)
- Post Adaptive card when new card is added to a board in Trello** (By Microsoft)
- Post Adaptive card to Teams when Alert is Triggered in PowerBI** (By Microsoft)

At the bottom left, there is a watermark for 'MÜNCHEN' and icons for 'Apps' and 'Help'.

PP - Power Virtual Agents (PVA) for Teams

Microsoft Teams Search BA

Power Virtual Agents (preview) Home Chatbots About

Empower employees, one chat at a time

Give people access to the help they need, 24/7. Automate frequently asked questions and common business processes for HR, service desks, and more.

Create a chatbot
