Teams for EDU

Teams for Education

- Create, edit and join Microsoft Teams meetings in Canvas
- Communicate and collaborate with class teams from Blackboard
- Reading Progress

The screenshot shows the Reading Progress interface for a student named Krystal McKinney. The interface includes a sidebar with navigation options like Activity, Chat, Teams, Assignments, Calendar, Files, and Store. The main content area displays the student's profile, a video player, and reading statistics. A context menu is open over the text, showing options like Correct, Omission, Insertion, Mispronunciation, Repetition, and Self-correction. The right sidebar shows student work, feedback, and points.

Reading Progress Summary:

- Student: Krystal McKinney
- Attempts: 2
- Level: B
- Words: 207
- Insights

Performance Metrics:

- 41 Correct Words per Minute
- 83% Accuracy Rate
- 5 Mispronunciations
- 2 Omissions
- 1 Self-corrections
- 1 Insertions
- 0 Repetitions

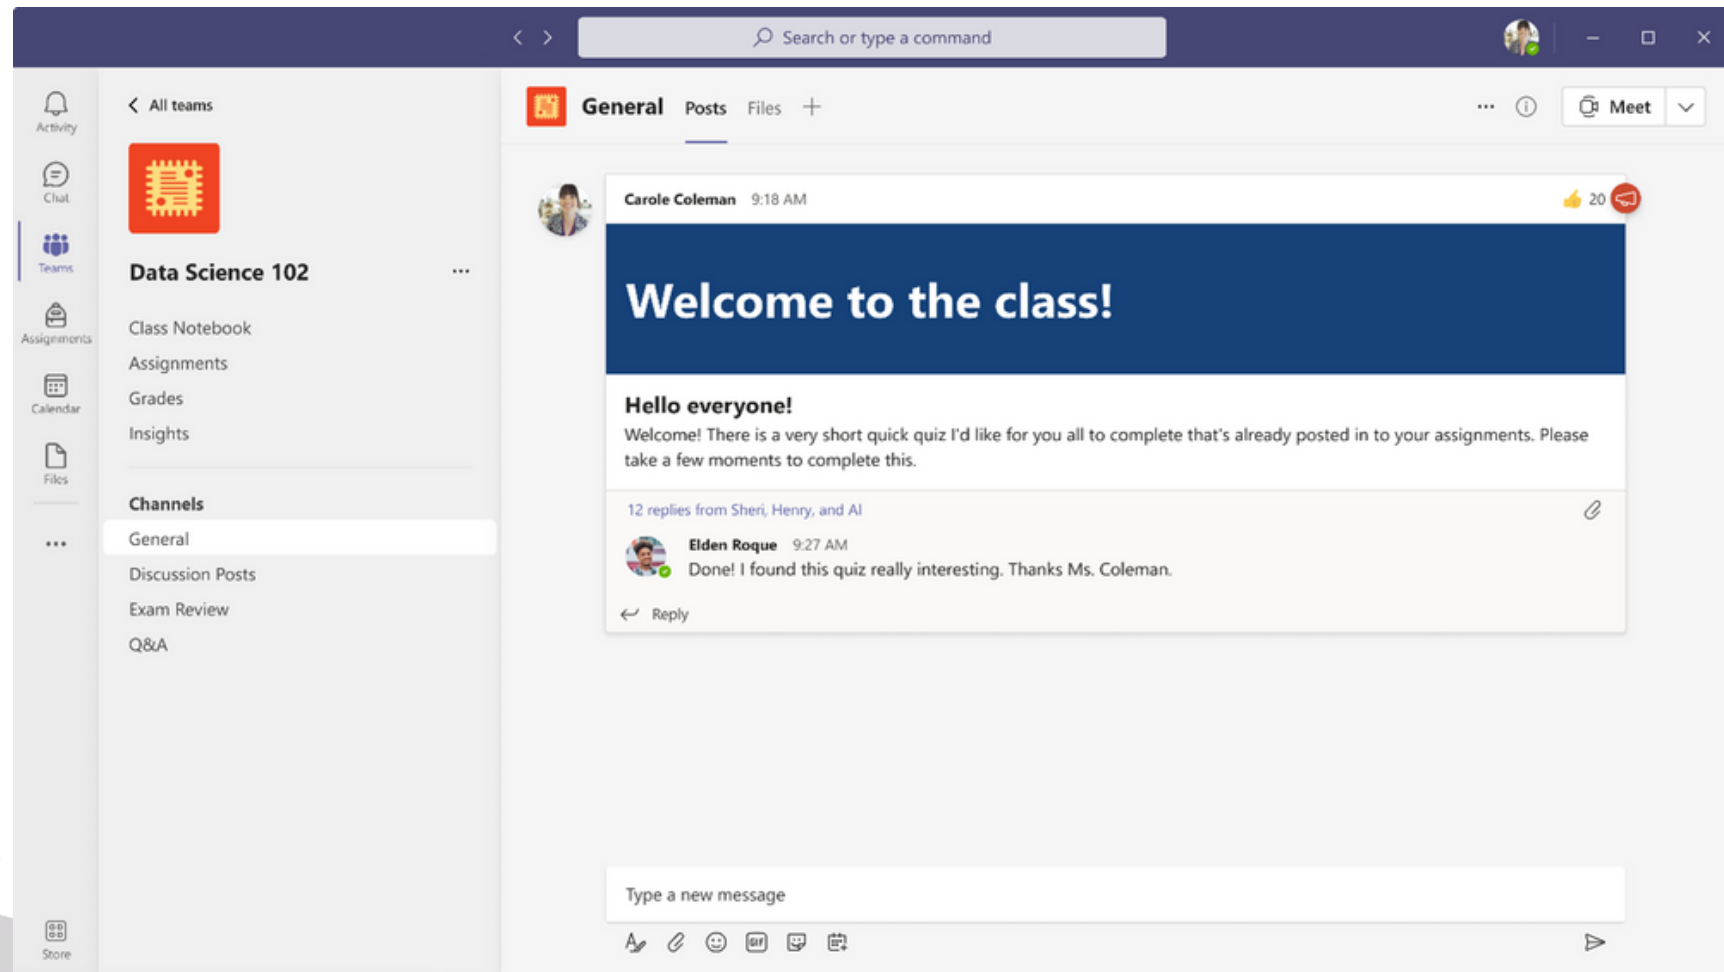

Text Sample:

The study of Earth's **landforms** is called physical geography. Landforms can be mountains, valleys, and plains. Landforms are physical features. It is important for students to know about physical geography of Earth. The seasons, the natural processes of Earth affect where people settle. Geography is one of a **combination** of factors that people consider when they want to live. The **physical** features of a region are often rich in resources. Within a nation, mountain ranges become natural borders for settlement areas. In the U.S., major mountain ranges are the Sierra Nevada, the Rocky Mountains, and the Appalachians. Fresh water sources also influence where people settle. People need water

Teams for Education

- Simplified navigation in class teams

Aus dem Meeting

- Call for Speaker – Powerthon 2021 ([LINK](#))
