- Upload files to your approval request via Power Automate portal
- Chat filter for non-meetings chats

Power Platform and custom development

Power Platform and custom development

- Message extensions entry point for Workflows in Teams
- Automation templates in Teams app store

Management

Management

- Admins can pin message extensions

The screenshot displays the Microsoft Teams admin center interface. The left navigation pane includes options like Home, Teams, Locations, Users, Devices, Teams apps, Manage apps, Permission policies, Setup policies, Customize store, Messaging policies, Voice, Meetings, Policy packages, Planning, Analytics & reports, Notifications & alerts, and Other settings. The main content area is titled 'Microsoft Teams admin center' and features a search bar. It contains several sections: 'Upload custom apps' (On), 'Allow user pinning' (On), 'Installed apps' (empty), and 'Pinned apps'. The 'Pinned apps' section has a red circle around the '+ Add apps' button. Below it, a table lists pinned apps: Personal (Activity, Chat, Teams, Calendar) and Message extension (Praise, Approvals). The right sidebar, 'Add pinned apps', shows a search filter set to 'None', a search box, and a list of 'Selected apps (1)' including 'Trello'. Under 'Scope (2 selected)', 'Personal' and 'Message extension' are checked. A note at the bottom of the sidebar states: 'You can click on the app icon to view terms of use and privacy policy.'

Management

- Teams device store in Teams Admin center

The screenshot shows the Microsoft Teams Admin Center interface. At the top, there is a search bar and navigation icons. The main content area is titled 'Store' and features a 'Welcome to the Teams device store' banner with a 'Learn more' button. Below the banner, there is a 'Featured' section displaying five product cards:

- Adapt 660** (EPOS | Seinhiser) priced at \$317.01. Description: Enjoy an on-ear, Bluetooth, UC optimized headset that connects to mobile and...
