# Meetings, Mesh in Teams, Webinars, and Town Halls

# Recap notifications in Teams Activity feed

The screenshot displays the Microsoft Teams interface. On the left, the 'Activity' pane shows a list of recent events. A notification titled 'Meeting recap is ready' at 9:00 AM is highlighted with a red box. The notification text reads: 'You're following this meeting Quarterly product review'. Below this, other activity items include 'Will posted' (3:08 PM), 'Serena mentioned you' (4:28 PM), another 'Meeting recap is ready' notification (3:06 PM), 'Sarah +2 reacted to your message' (3:05 PM), 'Chris posted an announcement' (1:29 PM), 'Darren mentioned Van Arsdel' (10:41 AM), 'Voicemail from Aadi' (10:35 AM), and 'Keiko reacted to your message' (9:51 AM).

The main pane shows a meeting recap for 'Quarterly product review' on Jan 21, 2023, from 10:00 - 11:00. The meeting content includes a 'Product Roadmap Discussion' video player, a list of speakers (Mona Kane, Babak Shammass, Daniela Mandera, Amanda Brady, Bruno Zhao), and AI-generated meeting notes. The notes include:

- Meeting notes**
  - > **Serena** wants to look at the product roadmap before she and **Danielle** commit to more feature enhancements.
  - > **Danielle** explains that they are on track for new product release in December. But they will need to keep an eye on beta testing results. She will follow up on that.
  - > **Danielle** explains that they are managing the capacity well. There could be a problem if they get a surge of users. **Babak** will make sure that they have the necessary provisions to handle an influx of users if the need arises.
- Follow-up tasks**
  - **Danielle** will follow up on feature enhancement prioritization
  - **Jon Shammass** will double check with **Amanda** regarding the ETA for the new product

# Manage Teams Town Hall and Webinar attendee communication

The screenshot shows the Microsoft Teams Webinar setup interface. On the left is a navigation sidebar with options: Setup, Details, Presenter bios, Theming, Registration, Emails, Reports, and Integrations. The main content area is titled 'Webinar' and includes a 'Save' button, 'Manage apps', and 'Meeting options'. A notification banner at the top reads: 'You're setting up a webinar. First, fill out the details and customize your registration and theming. When you're ready, publish the event site and share the link so people can register to attend. Get help with webinars'. Below this is the 'Basic info' section with a 'Title' field containing 'Webinar'. The 'Start date' is set to 10/15/2024 at 4:30 PM, and the 'End date' is 10/15/2024 at 5:00 PM for a 30-minute duration. A rich text editor for the 'Description' is present with the placeholder text 'Add a description to share with attendees'. The 'Event group' section shows the organizer as 'MOD Administrator' and includes a field to 'Add people to help organize the event'. There are also fields for 'Presenters from your org' and an 'Add external presenters' button. The 'Event access' section has two radio button options: 'Your organization' (unselected) and 'Public' (selected). At the bottom, there are toggle switches for 'Enable attendee emails' (turned on) and 'Allow sharing to social media from event site' (turned off).

The "Add source" modal window is open, showing a progress indicator with three steps: "General", "Select source" (current step), and "Review and finish". The "Select source" section includes the instruction: "Select a source that you want to enable for your tenant." There are two radio button options: "Custom" and "Appspace". Under "Trusted third-party apps", there are two options: "Appspace" and "XOGO", each with a "Privacy Policy" link. A note states: "NOTE: Any third-party app added in the tenant can be assigned as a signage source to your rooms or room groups. Once you assign a third-party app to a specific room as a signage source, the third-party service will receive the display name and resource account of that room." At the bottom of the modal, there are "Previous" and "Next" buttons.
